Paragraph 12 Proposed SDGs states:

“**Good governance** and the rule of law at the national and international levels are **essential** for **sustained, inclusive and equitable** economic growth, **sustainable development** and the **eradication of poverty and hunger**.”
SDG 16: The role of Public Financial Management

16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.

16.5 Substantially reduce corruption and bribery in all forms

16.6 Develop effective, accountable and transparent institution at all levels

16.8 Broaden and strengthen the participation of developing countries in the institutions of global governance
17. Strengthen the means of implementation and revitalize the global partnership for sustainable development.

17.9 Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the SDGs, including through North-South, South-South and triangular cooperation.
Critical Questions

• Of the proposed 17 SDGs which ones do you see as the most critical for your country, and how will this influence your work?

• Challenges associated with multi-level governance: how to make it work?

• Good information will be a game-changer going forward: what is the most efficient way to produce and make available high-quality, integrated data to all?
